

## Class FS - Summer One - Planning

Dear Parent / Carer,

This half term Class FS will be studying:

**History** - Ancient Mayan Civilisations - When and where do the Ancient Mayans fit into world history? How did they live and what historical evidence tells us this?

**Geography** - Natural Disasters - what are natural disasters? What causes them and how are they measured?

**Literacy** - This half term we will focus on our spelling, punctuation and grammar topics to prepare for the SATs examination. Following the examinations we will produce newspaper reports about natural disasters.

**Numeracy** - We will be working to apply our mathematical skills in a number of investigations and reasoning based questions.

**Science** - Human evolution - what stages did humans evolve in? Who told us this and what evidence do we have?

**ICT** - We will be developing our coding skills further to create mini games involving multi players.

**P.S.H.C.E** - Next steps - how can I prepare myself for High School and thinking about our further goals and aspirations.

**R.E** - Islam - what do Muslims believe about life, death and the universe.

**Music** - Performing short musical pieces together using a range of instruments.

**Design & Technology** - Party food - this food technology topic has us taste testing and creating a range of party food to help us prepare for our Year 6 leavers' party.

**P. E** - We will continue to work on our rounders' skills in preparation for the upcoming competition. We will also revisit tennis to further improve our techniques.

**French** - We will continue our work on French schools and describing our school day.

**Please note SATs week commences on Monday 14th May, could you please ensure your child is on time this week. If they wish to attend early they can arrive at school for 8.30am for a free SATs breakfast and revision club in Class FS.**

Many thanks,  
Mrs Steadman
